Meeting Minutes

- The committee was updated on a change in plans for the Parent Support recommendation. The recommendation is being redrafted to accommodate these changes, and will be presented at an in-person meeting at WSU on August 13th from 2-4:30.
- Concerns were voiced about the training requirements for parent support positions at different capacities. To investigate this concern further, a poll will be given to CBS Directors at the next CBS Directors meeting.
- The committee discussed leadership and involvement opportunities for youth and families. The committee members will compile a list of opportunities already taking place at their respective locations and return to Alyssa no later than September 13th.
- Committee chair, Alyssa Wilson, will be on maternity leave in the near future. This committee discussed covering the duties of chair for the interim. Alyssa will compile a list of responsibilities to share with the committee and the committee will then collaborate to decide how to best cover the duties.
- The committee has decided to slow meeting frequency to once a month in place of twice a month effective September 2019 due to completion of major projects.
